KALMAR

When the right part matters.

Kalmar Genuine Parts are high quality spare parts you know you can rely on. With over 50,000 in stock at any given time and same day dispatch in most cases, you can be sure that we will help minimize your downtime and maximise your uptime. Plus, when you quote your Kalmar machine number in the order, you will get the right genuine part first time, every time. With competitive fixed pricing you can be sure to get the right part, when it really matters.

Open all hours.

You can order your spare parts 24/7 with the click of a button online, or call your sales support team. Most orders are dispatched on the same day for delivery, or you can choose from a range of other delivery options to meet your needs for critical parts.

Order 24/7

by visiting us at
kalmarglobal.com/parts

Only genuine parts.

All of our Kalmar Genuine Parts have been specially chosen to meet your specific needs. All our genuine parts are manufactured to high standards, so you know that they will do the job you need them to.

Global reach, local service.

Our global network of parts distribution centres all offer over 50,000 Kalmar genuine parts for you to choose from. Being nearby means we can look after you better and tailor our service to match your needs.

We can look after part or all of your parts inventory or just make sure that special part is always on hand. Talk to your sales support team to find out more.
